# LASER SHOT LBP 3200 Laser Printer

## SMALL OFFICE. BIG PERFORMER

The LASER SHOT LBP 3200 is perfect for the small office and business user. It combines laser printing speed and professional quality output with ease of use and affordability. Choosing a laser printer for the office couldn't be easier.

## CANON ADVANCED PRINTING TECHNOLOGY (CAPT)

- CAPT enables the quick transfer of data from your computer to your printer. It makes full use of your computer for high speed processing – the higher the performance of the CPU, the faster the data processing. The result is faster printer response and the ability to process larger amounts of data, without having to spend more on costly memory upgrades. It also allows you to easily control the printer's functions and monitor job status from your computer screen.

## HIGH SPEED PRINTS

- Printing at 18 pages per minute<sup>1</sup>, the LASER SHOT LBP 3200 allows your office to run more efficiently. In addition to this, On Demand Fixing allows you to enjoy both lower operating costs and virtually no warm-up time. Instant heating of the fusing heater before printing saves warm-up time so it's always ready to print when you are. The result is a fast response for first print or high-volume printing, which greatly improves your work efficiency.

## On Demand Fixing technology

On Demand Fixing System enables heat to reach the roller surface instantly.

## SMART COMPRESSION ARCHITECTURE (SCoA)

- Compresses data to a fraction of the size at processing speeds much faster than other general compression technologies. Unique to Canon, this technology gives you faster and smoother printing even when processing the largest files.

## ENHANCED RESULTS

- Ensure crystal clear images every time with the LASER SHOT LBP 3200's 600 x 600 dpi print resolution and Microfine Toner. In addition, 'up to 2400 dpi equivalent smoothing' produces razor sharp text and professional image results on every page you print.

## VERSATILITY

- Able to print on a large variety of media like labels, transparencies and envelopes, the LASER SHOT LBP 3200 will deliver, no matter what your printing needs.

## CONVENIENCE

- Changing the all-in-one EP-26 toner cartridge is simple and easy to do, ensuring you'll never have to waste time with messy toner.

EP-26 all-in-one toner cartridge

- Switching to stand-by mode within seconds of finishing a print job, the LASER SHOT LBP 3200 reduces unnecessary noise and saves on power.
- Compact in size, it won't take up too much space in the office.

# LASER SHOT LBP 3200 Specifications

<b>MACHINE TYPE</b> Desktop laser printer
<b>PRINTING SPEED<sup>1</sup></b> 18 ppm in black (A4 size paper)
<b>RESOLUTION</b> 600 x 600 dpi (up to 2400 x 600 dpi equivalent with Automatic Image Refinement)
<b>METHOD OF FIXING</b> On Demand Fixing System
<b>WARM-UP TIME</b> 0 second
<b>FIRST PRINT OUT TIME<sup>1</sup></b> Approx. 10 seconds
<b>PRINTING LANGUAGE</b> CAPT (Canon Advanced Printing Technology)
<b>MEMORY</b> 2Mb using Canon's unique SCoA compression technology (no additional memory required)
<b>PAPER HANDLING</b> Input tray: 250 sheet paper cassette. (64 gsm) Output tray: Face-down 100 sheets max. (64 gsm)
<b>TONER CARTRIDGE</b> EP-26 toner cartridge (approx. 2,500 pages at 5% toner coverage on A4 page)
<b>PAPER/MEDIA TYPE</b> Plain paper, thick paper, transparencies, labels, envelopes

<b>PAPER SIZE</b> A4, B5, A5, legal, letter, envelopes (C5, COM10, DL, Monarch)
<b>INTERFACE</b> Universal Serial Bus (USB)
<b>SUPPORTED OS</b> (Macintosh <sup>®</sup> not supported) Windows <sup>®</sup> 98/Me/2000/XP
<b>WEIGHT</b> Approx. 6.8kg (incl. cartridge)
<b>POWER CONSUMPTION</b> Max: approx. 750W Average Operation: approx. 360W Standby: approx. 7W
<b>POWER SOURCE</b> AC 200 - 240V, 50- 60Hz
<b>DIMENSIONS</b> 380 x 396 x 245 mm (W x D x H)
<b>NOISE<sup>2</sup></b> Operation: approx. 64dB or less Standby: background noise level
<b>NETWORK</b> Network printing with optional network adaptor C-6200U (supporting TCP/IP & IPX Peer to Peer)
<b>INCLUDED AS STANDARD</b> LASER SHOT LBP 3200, toner cartridge EP-26, User Software CD-ROM, Getting Started Guide, power cord, paper cassette with cover

The one year warranty can be upgraded to 3 years for a minimal cost and is backed by Canon's Customer Care Info-Line support. Driver updates and Technical Support are also available from our websites
